Dear Parents,

This past month we have been learning about world cultures. We have researched in atlases and books about different countries, watched videos, examined a number of websites and listened to lots of stories from around the world. The children have enjoyed learning about different places, and the lifestyles of various communities.

Children are welcome to bring in artefacts or products from Their country which can be discussed and displayed in the classroom.

UN DAY

On 20th October the children in the Lower School will be celebrating UN day. Children are encouraged to dress in their national costume for this day. As part of the celebrations the children will be having an international meal at lunchtime. The Room Parents will be co-coordinating the food for this event and would be grateful if each family could provide a dish, dessert or snack from their country. The Room Parents have provided you with ingredient cards which we would appreciate you completing and bringing in with your food so that it can be displayed next to your dish. Food can either be left in the Grade 2 classrooms before school, or brought shortly before 12.00. Due to concerns over allergies, could you please avoid bringing dishes which contain nut extracts. If you have any questions please do not hesitate to see the Room Parents or class teachers. The focus of the day will be a celebration of international cultures.

P.E

A reminder from the P.E. teachers that all children are required to wear P.E. uniform for lessons. Perhaps as the weather turns colder the children could wear long sport tights underneath their track-suits.

Luxembourg Field Trip

The Luxembourg field trips were a great success. Children enjoyed seeing first hand some of the areas of Luxembourg we'd been learning about in class. John the Blind's tomb and searching for Melusina in the River Alzette and spotting the cannonball on St Michael's church were some of the highlights. The children are currently writing recounts about their trip.

We thank the Room Parents for organising the chaperones for this excursion and thank you to the chaperones for assisting us. Without you these events can't go ahead.

Upcoming Events

20th October - UN Lunch Day

Thank you for your continued support and enjoy the upcoming break,

Best wishes.

Grade Two Team
